Educating for Eternity

To Whom It May Concern:

David and Gayle Williamson just finished their Christmas Production at Great River Christian School. We have 120 students in grades Pre-K through 12th. For one solid hour students were captivated with the magic production. The Bible references were age appropriate and included positive student participation.

In conclusion we were most pleased with student responses as 29 students raised their hands to receive forgiveness and trust Christ. David shared his personal testimony. I would be pleased to have the Williamsons return at any time.

Dear Mr. & Mrs. Williamson,

What a great show! The Williamson Productions presentation was a very entertaining show that the students were able to take something away from. The fifth and sixth grade students made comments about how they appreciated the way that real life experiences were used to get the point across and how everything was related to our relationship with God. The students were very entertained by the puppets and the magic tricks and were also impressed by the fact that Mr. Williamson even divulged some of his "magic" secrets. Not only were the younger students entertained, but the older students were as well and they all learned about how to have a closer relationship with God.

Thank you for coming!

The ministry of the Williamsons was wonderful! The students have continued to talk about the exciting illusions and the birds! The staff has repeatedly commented on how effectively they integrated scripture and Christian themes throughout their show. We appreciate the time we were able to spend with them. They are easy to work with and are pleasant to be around. I recommend their ministry highly to schools, churches, and community groups. They have a heart for kids and reaching them with the Gospel.

Sincerely,

Dear David and Gayle Williamson,

Thank you so much for coming to our school. Our students thoroughly enjoyed the fun aspect of the 'magic' while still learning basic Bible truths from Scripture.

Your presentation was very well done and it was a pleasure to work with both of you. We will pray that your ministry continues to reach many for the kingdom of Christ.

May God bless your efforts as you use your talents for Him.

Sincerely,

Paula Kleinsasser

To Whom It May Concern:

This week we were privileged to have Dave and Gayle Williamson in our chapel, presenting their ministry of magic and puppetry. The students thoroughly enjoyed the chapel hour; the gospel message was clearly presented and several students made decisions for Christ. The illusions all had a biblical point, and they kept the students' attention throughout the program.

We would highly recommend the ministry of Dave and Gayle Williamson. We plan to have them return for a Family night outreach in the fall.

Sincerely,

Dear David & Gayle,

Thank you so much for coming and sharing with us in chapel last week. You did a wonderful job communicating truths to our students in an entertaining and informative way. They paid close attention during the whole chapel and appreciated your program. You did an excellent job of presenting Biblical values and life applications on the level that reached our students.

The time you spent with our preschoolers after chapel was also beneficial and they enjoyed your activities. Thank you for taking extra time to be with them. I would highly recommend your ministry to anyone who would be considering a positive chapel experience for their students.

In Him,
